Microvi Biotech Inc. Receives 2009 Best of Business Award

Union City, California (January 12, 2010) -- Microvi Biotech, a leader in clean and waste-free water treatment technologies, has been selected for the 2009 Best of Business Award in the Innovation Category by the Small Business Commerce Association (SBCA).

The SBCA 2009 Award Program recognizes the top 5% of small businesses throughout the country. Using statistical research and consumer feedback, the SBCA identifies companies that it believes have demonstrated what makes small businesses a vital part of the American economy. The selection committee chooses the award winners from nominees based off statistical research and also information taken from monthly surveys administered by the SBCA, a review of over 100,000 consumer rankings, and other consumer reports.

“The SBCA 2009 Award further validates our dedication to innovation and continuous efforts in providing an environmentally friendly and cost effective solution for our unmet water needs,” said Dr. Fatemeh Shirazi, President and CEO of Microvi Biotech. “The streamline of awards since our inception goes on to show the excitement and level of interest surrounding our disruptive technology.”

About Microvi Biotech Inc.

Microvi Biotech Inc, is a leading environmental biotechnology company that discovers, develops, manufactures, and commercializes innovative technologies for unmet needs in clean water and energy. Anchored by a market-driven research and development philosophy, the company focuses on turning early-stage R&D into smarter, smaller, faster, and cleaner commercial products. Apart from being featured in leading business magazines and newspapers, Microvi Biotech Inc. has received a number of awards, including the GoingGreen Award for two years in a row, the California Clean Tech Award, and the Red Herring 100 Award in North America.

About Small Business Commerce Association (SBCA)

Small Business Commerce Association (SBCA) is a San Francisco based organization. The SBCA is a private sector entity that aims to provide tactical guidance with many day to day issues that small business owners face. In addition to our main goal of providing a central repository of small business operational advice; we use consumer feedback to identify companies that exemplify what makes small business a vital part of the economy.
